

About AmerCareRoyal

AmerCareRoyal provides a comprehensive disposable product portfolio for the foodservice, janitorial, sanitation, industrial, hospitality and medical industries.

Our deep relationships with a diverse global supplier network and an established quality control infrastructure provide us with an unmatched ability to meet and exceed customer expectations.

Since 1949, our people first philosophy and higher business standards continue to strengthen our longstanding relationships with our global team and customers.

With distribution centers located strategically across the U.S. and Canada, we deliver customized solutions with expedited shipping and exceptional services to support our customers' needs.

PrimeWare® — READY. SET. GO GREEN.

PrimeWare® by AmerCareRoyal is a line of eco-friendly products, many of which are BPI-Certified compostable. Our disposable cups, plates, carriers, trays and containers are made from sustainable paper, sugarcane bagasse or bamboo fiber. PrimeWare lids, straws and cutlery are made from either compostable materials or fully recyclable PET.

PrimeWare compostables meet FDA guidelines for food service contact, are tested using ASTM D6400 guidelines and meet Health Canada guidelines for foodservice disposables. Delivered with efficient, dependable service, PrimeWare has eco-friendly, environmentally responsible disposables ready when you need them.

Disposable Bags

ORB3426 & SPL1814

High Heat Oven Bags & Pan Liners

Our high temperature nylon oven bags and pan liners save cooking and cleaning time while increasing profitability. These bags are made from heat resistant nylon and are completely safe for use in the oven, microwave, slow cooker and steamer at temperatures up to 400 degrees F. Since there is no direct metal-to-food contact, our pan liners prevent baked-on food from sticking. They also eliminate the need for heavy cleaning of pans while reducing waste from dried-out or burned-on foods.

BPB2135

High Heat Oven Bags & Pan Liners

- No more wasting time scrubbing pans
- Easily sanitize pan after removing the liner or bag
- Reduce waste and make clean up a breeze
- Help to prevent cross contamination
- Available in a variety of sizes to fit standard pans

Food Storage Bags

AmerCareRoyal's high quality bags are ideal for all your food storage needs. From proportioning to storing to packaging, our line of high quality food bags make food storage easy. Offered in low-density and high-density polyethylene, these food storage bags meet FDA requirements for food applications. Functional packaging designs allow for smooth dispensing in both flat pack and roll pack options.

High Density Food Storage Bags

- High tensile strength that prevents rips and tears
- Protects to keep food fresh
- Clear bag for easy recognition of contents
- Perfect to store almost any kind of food in freezers or refrigerator

FRY OIL FILTRATION

Proper filtration is the most effective and economical way to not only extend the life of frying oil, but also improve the quality and taste of fried foods. AmerCareRoyal offers a variety of filter cones and holders for manual cooking oil filtration. We also feature a range of oil filter disposable sheets, envelopes and discs in an array of dimensions and flow rates that fit various manufacturer's fryer brands.

Fry Oil Filtration

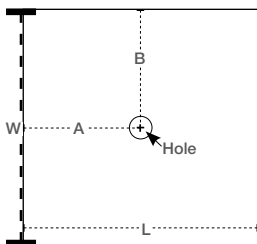

Fry Oil Filter Papers

- Dramatically increase the life of your fryer oil
- Increases economic efficiency as it costs less to filter than to replace oil
- Improves safety by promoting the use of the machines' automatic filtration systems

Measure width and length or diameter of the filter to the outermost points.
Note any hole in the filter, the location of the hole and the diameter of the hole.

Sheets & Envelopes

1. Measure length and width
2. If a hole is present:
 - i. Measure across the opening of the hole to determine the diameter
 - ii. Sheet: Measure all sides to the outside edge of the hole to determine its position
Envelope: Measure from the closed or stitched points of the filter to the edge of the hole
 - iii. You should have three measurements for the hole position when you've finished
 - iv. If measuring a hole on an envelope, make a note if the hole is through one side or passes through both sides of the filter

Discs

1. Measure the diameter of the disc
2. If a hole is present:
 - i. Measure across the opening of the hole to determine the diameter
 - ii. Measure all sides to the outside edge of the hole to determine its position

Cones

1. Measure the radius of the cone
 - i. Measure from center to edge to determine the radius of the cone

Hybrid Gloves

The C2 series of gloves are the industry's first hybrid, synthetic powder free gloves designed for enhanced fit and flexibility and are 100% recyclable.

- More elasticity than vinyl, resulting in a snug fit
- Patented diamond pattern and tapered cuff provides superior dexterity and grip
- Manufactured in reduced smog facility that recycles excess material
- PVC, phthalate, latex, vinyl, carcinogen and cornstarch allergen free
- FDA approved for foodservice
- 100% recyclable with plastic bag or film recycling
- Meets California Prop 65 regulations, and when not recycled, will take up 50% less landfill space than other gloves due to their thin composition

Application:

School

Hybrid Gloves

**C2 Hybrid, Heavy Duty,
Diamond Grip 3899 Series**

The Heavy Duty Hybrid Gloves are 100% latex free and PVC free. They are constructed from 100% recyclable materials and have a diamond sure grip texture for better grip.

**C2 Hybrid, Gen 2.0
3499 Series**

The C2 Generation 2.0 Hybrid Gloves are 100% latex free and PVC free. They are constructed from 100% recyclable materials and have an embossed finish.

**C2 Hybrid, Gen 3.0,
Diamond Grip 3699 Series**

The C2 Generation 3.0 are 100% latex free and PVC free. They are constructed from 100% recyclable materials and have a diamond sure grip texture for better grip.

**C2 Hybrid, Gen 3.0 Heavy Duty,
Synthetic 3799 Series**

The Heavy Duty Hybrid Gloves are 100% latex free and PVC free. They are constructed from 100% recyclable materials and have a diamond sure grip texture for better grip.

**C2 Hybrid, Gen 3.0, Synthetic
3599 Series**

The C2 Generation 3.0 Hybrid Gloves are 100% latex free and PVC free. They are constructed from 100% recyclable materials and have a diamond sure grip texture for better grip.

**C2 Hybrid, Gen 1.0
3299 Series**

The C2 Generation 1.0 Hybrid Gloves are 100% latex free and PVC free. They are constructed from 100% recyclable materials and have an embossed finish.

Gloves

As the industry's first and only hybrid glove with Sure Grip technology and patented tapered cuffs, this glove is unlike any other.

THINK GREEN & Save Money

Through its clean manufacturing, our C2 glove reduces Earth harming smog. Even if not recycled, it takes up half the landfill space.

- ◆ Cost savings can exceed 20% when compared to vinyl
- ◆ PVC, phthalate, latex, carcinogen and cornstarch allergen free
- ◆ Meets California Prop 65 regulations
- ◆ 100% Recyclable
- ◆ FDA approved

NOTE: Chart information compared to PVC. Chart data based on comparing 2.0 gram C2 Hybrid gloves and 5 gram PVC gloves.

CORRECT SIZING IS KEY

When wearing C2 Hybrid gloves, a snug fit works best. **One size smaller than your usual glove size.** With 300% more stretch than vinyl, it conforms to your hand providing superior dexterity and grip.

- 1 Pull the glove half way onto your hand from the cuff area near your palm
- 2 Interlock once to get the best fit
- 3 As the cuff is pulled, the glove will mold to the wrist

Nitrile Gloves

Atlantic
1099 Series

Perfect for general cleaning and maintenance, these gloves will protect hands from some mild irritants.

Black Rhino
6099 Series

These Rhino Nitrile Gloves are resistant to oils, corrosive chemicals and punctures. They are powder and latex free. A suitable option for people with latex allergies or sensitivities. These gloves feature a textured design and help to provide a confident grip.

Blue Rhino
4099 Series

These Rhino Nitrile Gloves are resistant to oils, corrosive chemicals and punctures. They are powder and latex free. A suitable option for people with latex allergies or sensitivities. These gloves feature a textured design and help to provide a confident grip.

Edge, Black
8299 Series

Edge Black Nitrile Gloves feature a textured design and are powder free and latex free, making them a suitable option for people with latex allergies or sensitivities.

Edge, White
5099 Series

These lightweight Edge Nitrile Gloves are powder and latex free, making them a suitable option for people with latex allergies or sensitivities. These gloves feature a textured design and help to provide a confident grip.

Black Widow™
1400 Series

Black Widow™ Nitrile Gloves are strong, exam grade and powder free gloves that are a good option for tattoo artists and healthcare professionals. They are 100% latex free and optimal for people with latex allergies or sensitivities. Black Widow Nitrile Gloves' textured construction provide a confident grip when holding medical instruments and black color gives discrete visibility of blood and ink.

Gloves

Grape Grip™
600 Series

AmerCareRoyal's Grape Grip PF Nitrile Exam Gloves are perfect for all-around use by healthcare professionals and are approved for use for medical exams. Additionally, these gloves offer barrier protection against the synthetic drug Fentanyl and a range of chemotherapy drugs. Grape Grip PF Nitrile Exam Gloves are 100% latex free and a good choice for people with latex allergies or sensitivities.

Med-Edge™
650 Series

AmerCareRoyal's Med-Edge Nitrile Gloves feature an exam grade, powder free design. They are 100% latex free and are suitable for people with latex allergies or sensitivities. Perfect for doctors, dentists and healthcare workers, AmerCareRoyal's Med-Edge Nitrile Gloves are textured and offer a confident grip when holding medical instruments.

Nitra-Flex™
700 Series

AmerCareRoyal's Nitra-Flex Nitrile Gloves are an exam grade, powder free and 100% latex free and are suitable for people with latex allergies and sensitivities. These thin chemical resistant gloves are textured for a confident grip when holding medical instruments and are a good choice for hospitals, dentists and other healthcare professionals.

Protector XR™
900 Series

Protector XR Nitrile Gloves have an exam grade, powder free design and are an optimal choice for first responders, ambulances, emergency rooms and other high-risk medical environments. Our durable gloves are 100% latex free, suitable for people with latex allergies or sensitivities. With a 12-inch long beaded cuff that adds additional protection and strength.

Pacific
2099 Series

These Pacific Nitrile Gloves are chemical resistant. They are powder and latex free, and suitable for people with latex allergies or sensitivities.

Synthetic Gloves

AmerCareRoyal disposable Synthetic Gloves are an affordable alternative to latex gloves. They have the same look and feel as latex gloves and provide a snug fit with a loose beaded cuff.

- Made of a PVC blend - polyvinyl chloride - petroleum-based material
- Have more stretch than vinyl
- Perfect for delicate tasks requiring flexibility and fingertip sensitivity
- Contains ZERO latex proteins
- Ideal for those who are latex-sensitive and work in fast food operations and institutions
- Use for prep work, slicing, grill line, cake decorating, dough handling, garnishing, and prep
- Available in both powder free or powdered
- Contains USP absorbable dusting powder for optimal tactile sensitivity

Application:

Ambulance

Doctor's Office

ERs

High Risk
Medical Environments

2299 Series

Vinyl Gloves

More durable than poly, vinyl gloves are closer fitting for medium duty tasks requiring good sensitivity. Latex free, ambidextrous and flexible, their beaded cuffs provide maximum strength and durability and offer excellent wet and dry barrier protection.

- Can be used near a heat source
- Protect hands in light cleaning situations
- Made of PVC – polyvinyl chloride – a petroleum-based material
- Available in both powder free and powdered with a sterilized cornstarch for ease of donning and absorbing moisture during wear
- Powder free vinyl available for operators who want a cleaner work area and for workers whose hands dry out from extended use
- Use for handling sliced cheese and meats, prep for fresh squeezed juice, pies, pizzas, salads, tacos, burritos and more

Application:

Vinyl Gloves

Sensi-Flex™
500 Series

Gloves

Ultra-Flex™
300 Series

Latex Gloves

Ultra form-fitting, natural rubber (latex) gloves are made from renewable rubber trees. Latex gloves are a great choice for tasks requiring flexibility and fingertip sensitivity.

- Feature a beaded cuff for maximum strength and durability
- Resists puncturing for reliable barrier protection against contamination
- Great fast food operations, food prepping, medical and institutional use
- Available in both powder free or pre-powdered with USP absorbable dusting powder
- Approved for use in USDA inspected food establishments

Edge PF
2799 Series

Edge Latex Gloves are available in powder free or lightly powdered. These gloves are made with low protein and allergens, and are suitable for sensitive skin. However, not suitable for people with latex allergies. They also feature a textured grip for confident handling of tools and instruments.

Edge
1799 Series

Edge Latex Gloves are available in powder free or lightly powdered. These gloves are made with low protein and allergens, and are suitable for sensitive skin. However, not suitable for people with latex allergies. They also feature a textured grip for confident handling of tools and instruments.

Tuff-Skin
999 Series

Tuff-Skin Gloves are made with low protein and allergens, and are suitable for sensitive skin. Not suitable for people with latex allergies.

Application:

Ambulance

Automotive

Beauty Supply

ERS

High Risk
Medical Environments

Hospital

Janitorial

School

Latex Gloves

Apollo
699 Series

Apollo Latex Gloves are made with low protein and allergens, and are suitable for sensitive skin. Not suitable for people with latex allergies.

Ultra-Flex™
300 Series

Ultra Flex Powder Free Latex Exam Gloves are powder free, medical grade and a good choice for all-around healthcare use. Featuring a low protein and allergen composition, Ultra Flex PF gloves are textured for confident gripping.

Response ER™ High Risk
800 Series

Response ER Gloves are a solid choice for high risk medical environments like ambulances, emergency rooms and much more. These tough, medical grade, powder free gloves feature a low protein and allergen composition and are more than twice the thickness of ordinary latex gloves. They have an extended 12" long beaded cuff.

Ninja™
200 Series

Ninja Black PF Latex Exam Gloves are optimal for general medical environments or for tattoo artists. Our gloves are medical grade, powder free and feature a low protein and allergen composition. Ninja Black PF Latex Gloves are textured for confident gripping.

Neptune 599 Series

Yellow Rubber Gloves

Tough, all purpose, reusable gloves used for food processing, cleaning and janitorial duties. From dishwashing to cleaning restrooms, these yellow flock lined gloves offer reliable coverage.

- Made from natural rubber (latex) from renewable rubber trees
- Chlorinated and powder free to minimize particulate contamination
- Flock lined for moisture absorption
- Embossed finger tips provide a better grip and generous 18 mm thickness delivers excellent resistance to chemicals and detergents
- Recommend elbow length poly gloves be worn underneath to further protect workers

Neptune 599 Series

These are a perfect household glove. Each pair of gloves comes individually wrapped, which helps to avoid contamination. These gloves are flock lined with beaded cuffs and are easy to put on and remove.

Glove Size Indicator Chart

We Have A Glove For That

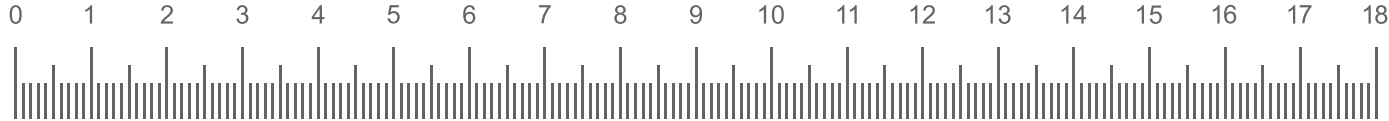

AmerCareRoyal's disposable gloves can be used in a variety of jansan, foodservice or medical applications. They provide added protection to users and help maintain sterile environments. Whether needing hybrid, latex, nitrile, poly, synthetic or vinyl, we have a range of sizes available in colorful, easy to read packaging.

Simply place the widest portion of your hand over the size indicator chart to find the glove size that is ideal for you.

If the designated portion of your hand is smaller than 78mm a size extra small may be ideal for you

If the designated portion of your hand is larger than 110mm a size extra-extra large may be ideal for you

Hairnets

Latex free nylon hairnets offer a comfortable and sanitary food barrier from hair contamination. The breathable and fire-retardant nylon netting is nearly invisible and helps avoid undesirable and unsanitary contamination.

Honeycomb Style Hairnets

- Made of soft nylon and are a strong, comfortable barrier from hair contamination
- Designed to provide less material shedding while blocking particulates for added protection
- Inner poly bag packaging

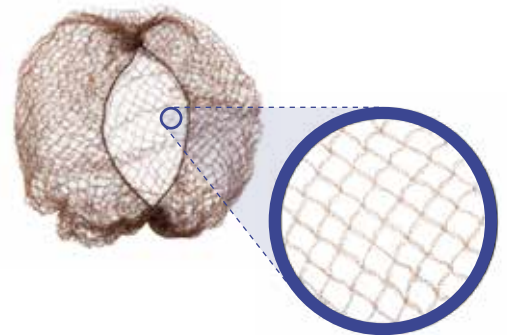

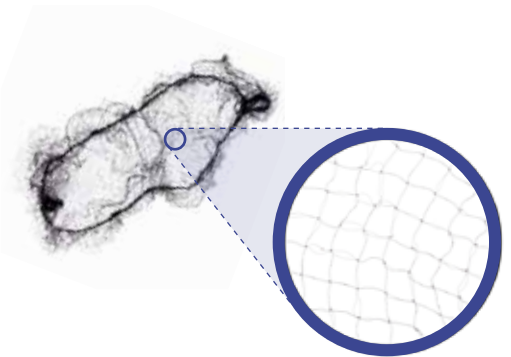

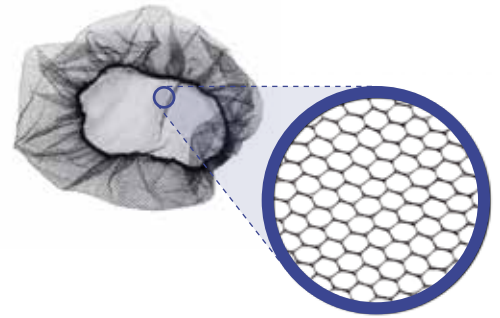

Invisible Style Hairnets

- Latex free, 100% nylon heavyweight hairnets
- Comfortable and sanitary food protection barrier from hair contamination
- Each piece individually packed in a paper sleeve inside a dispensing box

- Lightweight, breathable fabric perfect for all day use
- Great for use in commercial foodservice and industrial food processing, pharmaceutical production and electronic device assembly

There are 10 beards and 10 eyes hidden in this picture. Can you find all of them?

KIDS' PRODUCTS

Kids can have a great deal of influence on their parents' decision where to dine out. It is important the restaurant operators appeal to their younger guests with attractive and amusing mealtime essentials like color pictures and activity sheets. If the kids have a fun experience, so will their parents, and the whole family can enjoy quality time in your restaurant!

ATB-WHITE

Bibs

AmerCareRoyal's Polyethylene and Paper Bibs allow your customers to enjoy their meal worry-free. Being lightweight and comfortable makes them an ideal choice for restaurants, hospitals and other institutions.

Poly Bibs

- Tie being the neck providing inexpensive protection to keep dining customers clean
- Extremely light weight allows for comfortable wear throughout the meal

Paper Bibs

- Super absorbent, white crepe paper prevents runoff
- Laminated poly backing prevents spills from leaking through onto clothing

Material	Item	Design/Color	Size	Pack	Weight	Cube
Poly	PBW	○	Adult	1/500	7.3 lbs	0.39

Aprons

From commercial bakeries and kitchens to medical device and industrial facilities, AmerCareRoyal aprons provide excellent wet and dry protective coverage for every need and application. Choose from aprons that give light protection against dirt, dust and grime or splash protection from organic solvents and light chemicals in the non-toxic workplace. Our variety of styles, gauges, materials and packaging are economical, reliable and comfortable.

Polyethylene (PE)

- Cost effective fluid barrier protection
- Strong, reliable and flexible maneuverability
- Impervious to fluids and deliver waterproof protection in non-toxic environments
- Great for use in food service, food processing industries, businesses using paint, degreasing or cleaning agents and more

RPFM-ELE

Face Masks

If you have staff working in dental, medical, hospital, laboratory or food processing or similar environments, AmerCareRoyal's hoods and face masks are a good choice to maintain sanitary or food-safe conditions.

Polypropylene Non-woven Face Mask with Ear Loop

- Soft and form-fitting, latex-free
- Triple layer mask comes with comfortable ear loops and provides complete protection
- Rated for PFE (particulate filtration efficiency) at 98% or higher ASTM Standard F2101
- Perfect for use in hospital and healthcare facilities, pharmaceutical manufacturing, food processing and industrial settings

Lightweight Polypropylene Hood with Elastic Face Closure

- One-piece, latex-free with elastic face closure delivers strength and toughness, yet is soft and comfortable for all day wear
- Poly-coated fabric provides maximum particulate protection from dirt and grime and is an ideal choice in non-hazardous environments
- One size fits all

Isolation Gowns

AmerCareRoyal's disposable isolation gowns are an ideal barrier against dry or fluid materials in medical, hospital, research and development, food processing or other environments. Our isolation gowns are available in both polyethylene and polypropylene.

Polyethylene with Thumb Loops

- Provide optimum splash protection that is impervious to fluids
- Material resembles plastic and does not have breathability, making it an ideal barrier that isolates bacteria and dust
- Thumb loops minimize slippage for ease of application

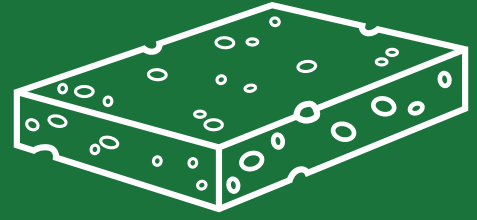

Polypropylene

- Great for dry applications
- Low cost, 100% non-woven polypropylene is lightweight, breathable and durable - making for ideal use in non-toxic environments
- Perfect for lab operators in research and development facilities

Scouring Pads

Light Duty Scouring Pads

- Gentle effective cleaning for most surfaces in kitchens and institutions
- Fights dirt, grime and grease with soft, non-woven fibers and mild abrasives
- Gently clean without scratching or dulling finishes
- Great for porcelain, stainless steel, chrome, copper, fine china, ceramic and Teflon® surfaces

S903

- Mainly used to clean surfaces that require gentle action
- Great for stainless steel, chrome, copper, fine china, porcelain, ceramic and Teflon® surfaces
- Will not scratch or dull most surfaces

S490

- Soft, non-woven fibers and mild abrasives gently clean most surfaces
- Great for stainless steel, chrome, copper, fine china, porcelain, ceramic, and Teflon® surfaces

Item	Dimensions	Color	Pack	Weight	Cube
S903	3½" X 5"	○	1/40	1.2 lbs	0.44

S965

- Thick general-purpose cleaning pad made of tough fibers and abrasives
- Excellent for cleaning and scouring kettles, pots and countertops

S960 & S980

- Original synthetic scouring pad is ideal for most cleaning jobs
- Perfect for walls, railings, floors, desks, coffee makers, broilers, stairways and countertops

S860/20

- Tough fibers and abrasives make fast work of heavy duty cleaning jobs
- Remove baked on food from grills, pans and baking utensils
- Great for removing scuff marks on floor

SS880/20

- Non-woven fibers and abrasives will not rust, an alternative to wool and metal scrubbers
- Most aggressive pad available
- Kitchen equipment, heavily encrusted pots and pans, grimy maintenance equipment

S460

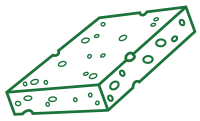

- Strong nylon web construction contains hard working abrasives for added cleaning power
- For use on grills to remove burnt on food and grease

S860

- Effective, versatile pad made of non-woven fibers and abrasives
- Flexible scouring pad allows for easy removal of baked on foods in difficult corners and hard to reach places

Scouring Pads & Sponges

Combos

S630C/20

- Light duty cleaning pad/cellulose sponge gently cleans most surfaces
- Porcelain, china, ceramic tile, plastics, stoves, non-stick cookware and painted surfaces

- Dual action, nylon pad/cellulose sponge delivers powerful, effective cleaning
- Walls, tables, fixtures, countertops, floors, utensils and stainless-steel stove hoods

S610

- Synthetic scouring sponge with extra strength abrasive added to one side
- For sinks, walls or cleaning utensils

Folded Take Out Boxes

AmerCareRoyal's folded take out boxes are great for lunches, entrees or desserts to go. Made with poly-coated interiors, these containers are not only leak- and grease-resistant, but are strong enough to hold heavy foods, sauces and gravies. These cut-resistant boxes open wide to allow easy access to food, while closing tight to keep both hot and cold food fresh. With the convenient one-piece design, no assembly or lid inventory is required.

AmerCareRoyal folded take out boxes are microwavable and available in a variety of sizes and colors to accommodate every item on your menu.

Microwavable To-Go Containers

AmerCareRoyal's microwavable to go containers are ideal for take out or to-go orders. Made from BPA-free sturdy polypropylene, AmerCareRoyal's microwavable, dishwasher, freezer and heat lamp safe containers have clear seal-tight lids, to insure order accuracy. Perfect for salads, soups, sauces, dips and more, they can go from the fridge or freezer right to the microwave. Use these over and over again at home or at the restaurant.

- Black with clear lid
- Made from BPA-free polypropylene materials
- Lid included
- Microwave, dishwasher and freezer safe
- Compartment combo containers available

Bags

AmerCareRoyal poly take out bags are for use in grocery stores, retail shops, restaurants and convenience stores.

Multilingual Take Out Bags

- Supports a variety of take out needs from small single take out boxes up to 2 full size steam pans for catering
- Large flat bottom designed to allow containers to sit flat for extra stability during transit
- Made from high density polyethylene (HDPE), higher heat threshold compared to low-density polyethylene (LDPE)
- Can be ordered as die cut or rigid handle shopping bags, t-shirt bags or wave top bags

Foodservice Towels

From wiping sauce off tables to cleaning debris around kitchen countertops, AmerCareRoyal's disposable non-woven towels make short work of dirty tasks. These extraordinarily durable towels are soft to the touch with increased thickness and absorbent material designed for multi-use, even large spills. Multi-color options make it easy to keep wipers separate based on specific usage.

Diamond Towels

RP11550, RP11490

- Quickly and effectively clean spills off tables, countertops, glass and more
- Lightweight, wet wiping towel
- Improved absorbency

Medium Weight Towels

RP11553, RP11555

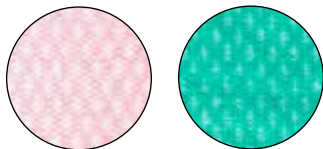

- Increased thickness and absorbency provide ideal cleaning of sizable spills
- Soft and strong for general cleaning and light wet wiping tasks
- Easy rinse and washing machine safe
- Durability designed for multi-use

Catch All Towel

1317-200A

- Great for wiping spills and can be rinsed and re-used
