DUSTERS and APPLICATORS

Lambskin Applicator

Lambskin applicators have 3/4" thick Lambswool to provide a smooth lint and fiber free finish coat. Use with waxes, sealers and other floor finishes. Lambskin pad is wrapped around a lacquered hardwood block. Wing nuts and a smaller interior block hold the lambskin in place, and allow for easy pad replacement. Hardwood blocks have standard threaded holes.

Counter Dusters

Counter dusters are available with smooth sweeping, grey flagged fibers, medium to fine tampico fibers, or medium black polypropylene fibers. All are set in structural foam blocks that feature an 8" sweeping face and a hanging hole. These dusters are great for workshops and industrial settings where equipment and work areas need to be kept tidy.

Dusters

Lambswool dusters quickly and easily lift fine dust particles without harming surfaces. When they become heavily soiled these dusters may be washed out and conveniently hung to dry by a hole in the handle.

An economical alternative to Lambswool, synthetic Polywool is non-allergenic and washable. The extendable duster is great for hard-to-reach areas.
