

POP & SHINE RTU

Gloss Restorer

DESCRIPTION

A revolutionary product that renovates floor finish and restores floors to maximum gloss...like magic! Now it is available in a convenient, Ready-to-use package that is easy to use, easy to store. No complicated mixing or dilution required, the perfect concentration every time. Specially selected polishing agents and cleaners help to remove scratches and scuffs from floors while rejuvenating the floor to a brilliant lustre. Saves labor; extends scrub / strip cycles. A must for every high speed / UHS Burnishing Floor Care program!

PRODUCT FEATURES / BENEFITS

- Ready-to-use / Save time and labor, highly accurate ready-to-use dilution.
- Fast and Easily / Creates a bright, shiny, wet look gloss
- Ideal for Multi Speed Polishing and Burnishing
- Fast drying for added labor savings
- Repeated applications removes deep scuffs and scratches

DIRECTIONS FOR USE

SPRAY BUFFING DIRECTIONS:

Using either a high speed machine or UHS Burnisher, affix an NCL AQUA MAGIC™ Burnishing Pad to the pad driver. Spray POP & SHINE RTU onto a 10' x 10' section of floor (previously coated with floor finish) that you desire to polish. Using the

burnishing machine, buff the floor using straight passes for maximum effectiveness. Buff the floor using a controlled pace for best results; this will work the product into the floor finish film and provide the maximum resulting gloss, durability and performance.

NOTE: BE SURE THAT AN ADEQUATE AMOUNT OF FLOOR COATING IS PRESENT ON THE FLOOR.
