

# HERWEFOAM PLUS

Light cleansing foam with added hygiene agent Benzalkonium Chloride

<b>Description:</b>	HERWEFOAM PLUS is a mild foaming hand cleanser that is ideal for daily hand cleansing with added hygiene (due to Benzalkonium Chloride). It matches the pH value of the skin.
<b>Ingredients (INCI):</b>	AQUA (WATER), COCAMIDOPROPYL BETAINE, GLYCERIN, SODIUM LAURETH SULFATE, DISODIUM LAURETH SULFOSUCCINATE, SODIUM COCO-SULFATE, PHENOXYETHANOL, SODIUM BENZOATE, BENZALKONIUM CHLORIDE, COCO GLUCOSIDE, GLYCERYL OLEATE, TETRASODIUM GLUTAMATE DIACETATE, CITRIC ACID, TOCOPHEROL, HYDROGENATED VEGETABLE GLYCERIDES CITRATE
<b>Properties:</b>	HERWEFOAM PLUS is a skin-friendly mild cleanser. It is also suitable for stressed skin. Caring agents provide a gentle cleansing. After washing, the skin gets a relaxed and pleasant soft feeling.
<b>Area of use:</b>	HERWEFOAM PLUS is used for daily hand cleansing in areas where added hygiene is desired.
<b>Application:</b>	Apply one dispenser dose of foam on the hands and rub in well. Rinse thoroughly with water.
<b>Regulatory:</b>	HERWEFOAM PLUS is subject to the FDA and EU cosmetics legislation and complies with it in its current version.
<b>Storage and shelf life:</b>	HERWEFOAM PLUS can be used for 30 months (from the date of manufacture). The shelf life date is indicated on the packaging. Store in closed containers at room temperature.
<b>Packaging sizes:</b>	1000 ml and 2000 ml VIVA dispenser cartridge.
<b>Recycling:</b>	The cardboard boxes and plastic packaging are recyclable.
